Please let me know if you agree with their proposed language change, since one of the major waste streams impacted would be asbestos containing materials. Thanks.

Linda

Waste Placement Sizing - CAMU Phase 2 Cell

Linda -

As a follow-up to our June 11 weekly CAMU conference call, I have attached a memo from Mark Rhodes that discusses the 2-foot sizing waste placement specifications for material destined for the CAMU phase 2 cell.

Once you have reviewed the attachment, please let me know if you concur with our conclusion and our recommended amendment to Section 203.07.8.

Thanks -

Jon Nickel
